# National Reporting System: Title II Performance Reporting Tables General Information

### Objectives

Arizona
Adult
Education
Professional
Learning
System

To provide basic information about the reporting requirements for Adult Education, WIOA Title II. The information provided in this document does not represent final guidance, and is subject to change.

### WIOA's Vision

Arizona
Adult
Education
Professional
Learning
System

WIOA aims to increase access to and opportunities for employment, education, training, and support services. The act explicitly recognizes the need to coordinate services in order to create a full system of education and training for adults with barriers to employment.

### Participants with Barriers to Employment Under WIOA

Arizona
Adult
Education
Professional
Learning
System

#### **New Data Elements: Barriers to Employment**

Displaced homemakers

English language learners, low literacy levels, cultural barriers

Exhausting TANF within two years

**Ex-Offenders** 

Homeless/runaway youth

Long-term unemployed

Low income

Migrants and seasonal farmworkers

Individuals with disabilities

Single parents

Youth in foster care/aged out of system

### Six Key Issues

- Participants and reportable individuals
- Program entry and exit, and periods of participation
- Employment performance indicators
- Measurable Skills Gains (MGS)
- Credential attainment indicator
- Participant exclusions from indicators

# Participants and Reportable Individuals

Arizona
Adult
Education
Professional
Learning
System

#### Participant

- Only upon achieving 12 contact hours after program entry
- Reported on NRS and Statewide Performance Report tables
- Count toward performance measures

### Reportable Individual

- Taken action that demonstrates an intent to use program services
- Has less than 12 contact hours
- Provides identifying information
  - Reportable Individuals will be included on a new NRS table which is currently up for public comment

### Six Key Issues

- Participants and reportable individuals
- Program entry and exit, and periods of participation
- Employment performance indicators
- Measurable Skills Gains (MGS)
- Credential attainment indicator
- Participant exclusions from indicators

### **Program Entry**

Arizona
Adult
Education
Professional
Learning
System

 Program Entry- The date on which a reportable individual enrolls in an adult education program

### Program Exit

- Program exit occurs when the participant has not received services for the past 90 days and has no additional services scheduled. The date of exit is the last date on which the participant receives services.
  - However, the exit date cannot be determined until at least 90 days have elapsed since the participant last received services.

### Period of Participation (PoP)

Arizona
Adult
Education
Professional
Learning
System

 Every entry is counted as a period of participation, even if it occurs in the same program year.

 Participants with more than one program entry will have multiple periods of participation in a program year.

# Periods of Participation (PoP) MSG Indicator

# Periods of Participation (PoP) Follow-Up Indicators

Arizona
Adult
Education
Professional
Learning
System

Program Entry/Reentry
Program Exit (90 days since last service)

PoP 1

12+ Contact hours

Follow-up must occur for exit based measures

PoP 2

12+ Contact hours

Follow-up must occur <u>again</u> for exit based measures

PoP 3

12+ Contact hours

Exit based measures are <u>NOT</u> evaluated because there is not an exit

Jun 30th

### Periods of Participation - Implications

Arizona
Adult
Education
Professional
Learning
System

Participants with more than one entry have multiple periods of participation in a program year.

Every period of participation is a new service period and treated as if the participant is a new individual for follow up and MSG

A new intake process is required for each period of participation

### Core Partners: Title I

Arizona
Adult
Education
Professional
Learning
System

 Adult: Coordinate the delivery of adult program services including "career services" (formally called core and intensive services under WIA), job training services and job placement assistance.

### Core Partners Partners: Title I

Arizona
Adult
Education
Professional
Learning
System

 Dislocated Worker: Coordinate the delivery of services to dislocated workers who lost jobs due to plant closures, company downsizing, or some other significant change in market conditions. In most cases, eligible workers are unlikely to return to their occupations, and they must be eligible (or have exhausted) unemployment compensation.

### Core Partners Partners: Title I

Arizona
Adult
Education
Professional
Learning
System

• Youth: Youth service organization(s) that offer support to targeted youth in the attainment of a high school diploma or its recognized equivalent, entry into postsecondary education, and individualized delivery of 14 types of career readiness opportunities.

### Core Partners Partners: Title III

Arizona
Adult
Education
Professional
Learning
System

 Wagner-Peyser: Provide access to employment services to all job seekers including job search preparation and placement assistance services.

### Core Partners Partners: Title IV

Arizona
Adult
Education
Professional
Learning
System

 Vocational Rehabilitation: Offer vocational rehabilitation and training services to help eligible individuals with disabilities become employed.

System

### **NRS** Reporting Tables

# Table 1: Participants, by entering EFL, Ethnicity and Sex

- Purpose: Provides number of participants by educational functioning level, race/ethnicity, and sex.
- Use: Provides information on the way participants are distributed across levels and demographic characteristics of those served.

### Table 1: What's New

Arizona
Adult
Education
Professional
Learning
System

EFL names are changed to Levels 1, 2, 3, 4, 5, and 6 to accommodate possible changes from new descriptors

# Table 2: Participants by Age, Ethnicity, and Sex

- Purpose: Provides number of participants, broken down by race/ethnicity and sex, by age group
- Use: Provides information of the way participants are distributed according to demographic characteristics.

### Table 2: What's New

Arizona
Adult
Education
Professional
Learning
System

New age category

# Table 3: Participants, by Program Type and Age

- Purpose: Provides participant numbers, broken down by age and instructional program type, including Integrated Education and Training.
- Use: Provides information on participant age distribution across instructional program type and numbers of students in IET for each program; provides picture of the number of participants in Sec. 243 IEL/CE

### Table 3: What's New

- New age category
- IET breakdown by instructional program type, including IET breakout for IEL/CE
- Name change of ESL to English language acquisition for WIOA reporting

# Table 4: Measurable Skill Gains, by Entry Level

- Purpose: Provides participant numbers and rates of MSG, broken down by EFL and for periods of participation.
  - MSG is broken down into educational functioning level gain and secondary credential
  - Provides participant retention (number separated number remaining), broken down by EFL
- Use: Provides performance data on MSG by type, and by EFL level and period of participation

### Six Key Issues

- Participants and reportable individuals
- Program entry and exit, and periods of participation
- Employment performance indicators
- Measurable Skill Gain (MSG)
- Credential attainment indicator
- Participant exclusions from indicators

### Measurable Skill Gain (MSG)

Arizona
Adult
Education
Professional
Learning
System

 MSG is a Real time performance measure used to document and report progress toward academic, technical or occupation credentials, or employment

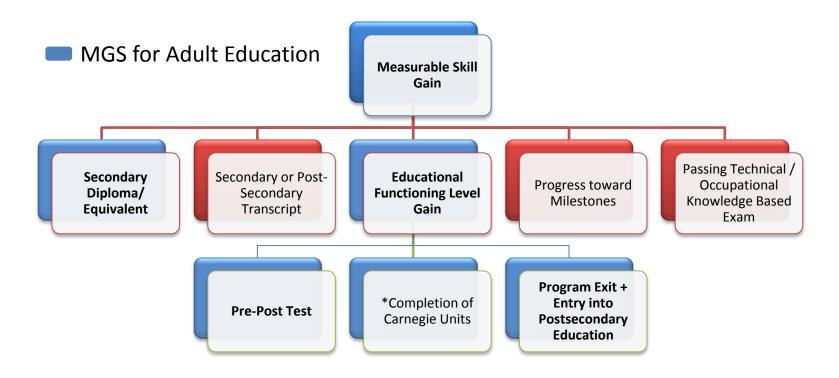

### Measurable Skill Gain (MSG)

- Five Types of gains to measure progress toward academic, technical or occupation credential, or employment
- Two types of gains apply to adult education:
  - 1. Educational functioning level gain three ways to document an EFL gain.
  - 2. Receipt of a secondary credential

### Measurable Skill Gain (MSG)

<sup>\*</sup>Arizona does not currently use Completion of Carnegie Units to measure MSG.

Arizona
Adult
Education
Professional
Learning
System

### **Counting Measurable Skill Gains**

All participants are included for MSG for each period of participation

Only one type of gain can be counted for each period of participation, the last achieved.

Entry into postsecondary education is measured only after participant exits

Receipt of a secondary credential and entry into postsecondary must occur by the end of the program year (June 30).

### Table 4: What's New

- Column is added for secondary credential
- Columns are added to record number of periods of participation and outcomes in periods
- Column to record more than one EFL gain is deleted

# Table 4b. EFL and Attendance, by Pre- and Post tested Participants

Arizona
Adult
Education
Professional
Learning
System

 Purpose: Provides number of participants who were both pre- and post tested and their EFL gains by level.

 Use: Provides information on pre- and post tested rates that can be used to assess rates of EFL gain based on testing

# Table 5: Core Follow-up Outcome Achievement

- Purpose: Provides WIOA performance indicator rates by participants and periods of participation.
- Use: Shows a record of state
   performance on WIOA indicators used
   for performance targets. Performance
   rates are used to populate the Joint
   Statewide Performance template.

### Six Key Issues

- Participants and reportable individuals
- Program entry and exit, and periods of participation
- Employment performance indicators
- Measurable Skills Gains (MGS)
- Credential attainment indicator
- Participant exclusions from indicators

### **Employment Performance Indicators**

Arizona
Adult
Education
Professional
Learning
System

#### **Employment**

- Second Quarter after Exit
- The percentage of participants who are in unsubsidized employment during the second quarter after exit.

**Employment** 

- Fourth Quarter after Exit
- The percentage of participants who are in unsubsidized employment during the fourth quarter after exit.

#### Median Earnings

Arizona
Adult
Education
Professional
Learning
System

Median Earnings  Median Earnings will only be calculated at the state level, and will not be used in program level evaluation.

### Six Key Issues

- Participants and reportable individuals
- Program entry and exit, and periods of participation
- Employment performance indicators
- Measurable Skills Gains (MGS)
- Credential attainment indicator
- Participant exclusions from indicators

#### Credential Attainment Indicator

- Two components of Credential Attainment Indicator:
  - Secondary credential attainment
  - Postsecondary credential attainment
- Percentage of participants who obtain a secondary school diploma or a recognized postsecondary credential while enrolled or within one year of exit

# Credential Attainment Indicator, cont.

Arizona
Adult
Education
Professional
Learning
System

 But: A participant who has attained a secondary school diploma for the credential attainment indicator (table 5) is only counted if the participant is employed or enrolled in a postsecondary education or training program within one year of exit.

# Credential Attainment Indicator: Secondary Credential

- The secondary credential component of the Credential Attainment Indicator is limited to participants who
  - Did not previously possess a high school equivalency and entered at or above 9<sup>th</sup> grade level
  - Or who advance to the 9<sup>th</sup> grade or higher level during a period of participation
  - And exited from the secondary education program

# Credential Attainment Indicator: Postsecondary Credential

- The postsecondary education component of the credential attainment indicator is limited to participants who
  - Where enrolled in a postsecondary education or training program including and IET program
  - And exited from the post secondary education or training program

### Six Key Issues

- Participants and reportable individuals
- Program entry and exit, and periods of participation
- Employment performance indicators
- Measurable Skills Gains (MGS)
- Credential attainment indicator
- Participant exclusions from indicators

#### Participant Exclusions

- The following reasons for EXIT allow the exclusion of a participant from all performance measures
  - Incarceration or entrance into a 24 hour support facility (hospital, treatment center)
  - Medical treatment that lasts more than 90 days
  - Death
  - Called into active duty

#### Table 5: What's New

- Outcomes changed to WIOA required measures
- Rows and columns for sampling eliminated
- Rows and columns for number used for data matching or survey eliminated
- Response rate is irrelevant: Overall rate calculated for all non excluded participants
- Number and outcomes, by period of participation, reported (not an unduplicated count)
